# INTRODUCTION

A range of High performance products which represent truly exceptional value. This is our best sellers range .

At Bata Industrials we know that people work at their best when they are better equipped and protected. Keeping them safer, healthier, active and energized. That's why we are continuously working to develop state-of-the-art safety footwear. Combining new technologies and materials to produce footwear that is not only safe, but keeps you active and energized.

We are specialists in safety and have in-depth knowledge across all key application areas. This knowledge, combined with innovative production and design, allows us to make safety footwear that meets the demands of today's workplaces, wherever they are. We are also improving the way our products are sold and aim to work with selected quality distributors. Not only are we improving working lives, but also the design, style, comfort and distribution of our footwear. Welcome to a range of footwear that will protect and energize you no matter what area you work in.
